

THE TEAM, WHO WE ARE?

At Elephant Jungle Sanctuary, we are more than just a company. Our hope is to lead by example and contribute to a positive change in the perception of elephants; to witness a future where elephants are not poached, ridden, over worked and abused and are instead being treated with care, love and respect. We work hard all year round to care for our rescues but we also believe that to truly thrive, we have to be sustainable. Since 2014, Elephant Jungle Sanctuary have provided jobs, housing and financial support. We also work to support small projects for the betterment of the lives of the people around the Chiang Mai, Mae Wang Province. We believe that our hard work will benefit our rescues and the future of domestic elephants in Thailand and hopefully South East Asia.

ONE DAY WALK

Adult: 4,900 thb/ person

06.30 - 07.45 am, pick up from your hotel or accommodation

This program is aimed at anyone seeking to learn more about elephants and observe our beautiful rescues as they forage through the jungle.

Our WALK WITH THE ELEPHANTS program offers visitors a quiet opportunity to spend time with our rescued elephants in their natural habitat. Go on an adventure with our rescued elephants as you walk through a jungle terrain and get up close and personal with our rescues while learning about the work that we do for them.
